Tiger Numbers Up For First Time in Century

21/06/2016

Tiger range countries and WWF announced that the estimated total number of wild tigers has increased for the first time in 100 years—3,890 now as compared to 3,200 in 2010. While many tiger populations are still in decline, the increase can be attributed to improved survey methods and stronger protection efforts in some countries.

In the News

Red Crescent provides relief and hope for communities affected by Cyclone Mora in Bangladesh

At least 75 people, most of them women and young children, have been reported dead after landslides triggered by days of severe rain swept down Chittagong Hills, just two weeks after Cyclone Mora battered the same region.
